## INFORMATION

The San Pedro Square Association is working with the Redevelopment Agency on a historic marker program for the district. In April, 2002 the Association developed a San Pedro Square Manifesto. The Manifesto states:

A series of historic markers should be placed at various locations throughout San Pedro Square to commemorate historic structures, people, and events, and to 'tell the story' of remarkable set of pioneers that will inspire. They should be designed after the historic markers in Japantown or at the Peralta Adobe.

John McEnery, Chair of the San Pedro Square Association, will join the Landmarks Commission meeting to describe plans for the program and solicit input for the Commission.
